Frequently Asked Questions:

Q: I requested my refund but haven't seen it yet. Where is it?

A: Please be patient as all the systems for processing and batching funds back to consumers have slowed significantly during Covid-19. Our ticketing partner TicketForce will process the refunds within 10 business days of the request and allow another 7-14 to see it in your account.

Q: I bought my ticket from a third party site, how do I get my refund?

A: We are only able to issue refunds to the original purchaser. You will have to reach out to the site you purchased from to see their refund policy.

Q: I would like to get a refund but missed the June 1st deadline, what do I do?

A: We are no longer processing refunds for any tickets. Your tickets are now good for the 2021 dates.

Q: What about the other events during NEBRASKAland DAYS?

A: We have been working hard with the organizations that put on other events in conjunction with NEBRASKAland DAYS. We have been able to reschedule a good amount of the events however, some of them may look a little different this year. You can look under the events tab on our website or download the NEBRASKAland DAYS app for an updated schedule of events.
